PATENT ATTORNEY

Sir:

This Amendment is in response to the Office Action
mailed on February 21, 2003. Please amend the above-identified
application as follows:

IN THE CLAIMS

Please amend claims 1-3, 9-10, 12, 15-18, 28 and 32 as
shown:

1. (Amended) A process for obtaining samples for analyzation
from a cascade impactor comprising providing a plurality of
impactor components having impaction surfaces carrying particles
that have been classified, supporting the plurality of impactor
components on a support, such that the impactor surfaces of the
plurality of impactor components are separated and enclosed to
form separate enclosures, injecting a solvent solution ^{carrying particles} into each
of the plurality of enclosures containing an impaction surface,
[carrying particles] agitating the solvent applied on each
